WHO WE ARE

"I dream that one day, my grandkids won't have to walk hours for water"

Indonesia dapat digambarkan sebagai sebuah negara yang mengalami ketimpangan dalam perkembangan daerah-daerahnya. Ada kota-kota besar dimana gedung-gedung tinggi tersebar sekeliling kota, dimana fasilitas lengkap tersedia, dimana perkembangan dan pembangunan terjadi dengan sangat pesat.

Namun, masih ada juga desa-desa terpencil yang bias dibidang hampir tidak mengalami kemajuan. Masih banyak penduduk Indonesia yang bahkan untuk memenuhi kebutuhan pokok saja mengalami kesulitan, contohnya mendapatkan air bersih.yang sama.

Sekelompok mahasiswa Indonesia di University of Illinois at Urbana-Champaign menyadari masalah ketimpangan perkembangan di Indonesia ini dan terpanggil untuk melakukan sesuatu yang lebih. Inilah yang melatarbelakangi lahirnya Solar Chapter

Solar Chapter adalah organisasi non-profit yang didirikan untuk membantu perkembangan pembangunan daerah-daerah terpencil di Indonesia dengan metode energi terbarukan. Solar Chapter bergerak sebagai medium bagi mahasiswa-mahasiswi Indonesia untuk dapat berkontribusi membangun tanah air meskipun berada ribuan kilometer dari Indonesia.

PAST AND CURRENT PROJECTS

CHAPTER 1: WATER

Kami ingin menyediakan air bersih bagi berbagai desa di Indonesia yang masih kekurangan air bersih. Dari data PAMSIMAS, sekitar 30% dari desa Indonesia masih perlu jalan lebih dari sejam ataupun mengalami kekurangan air bersih dalam bentuk lain. Kami dari Solar Chapter ingin mengubah hal itu. Saat proposal ini dibuat, Kami telah menyediakan air bersih bagi Desa Umutnana, dan sedang berusaha menyediakan air bersih bagi Desa Anapalu dan As Manulea

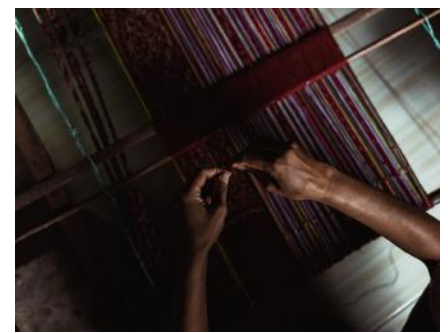

CHAPTER 2: EDUCATION

Salah satu yang juga menjadi prioritas kami ialah kondisi edukasi mereka. Solar Chapter pada project keduanya tergerak oleh kondisi sekolah yang kami lihat secara langsung di Desa Umutnana - As Manulea. Kami pun pada akhirnya merenovasi sekolah mereka, membangun ruang kreatif, dan menyediakan fasilitas sanitasi.

CHAPTER 3: COM.DEV.

Solar Chapter didirikan untuk membantu memajukan pembangunan di daerah terpencil. Dengan keberhasilan project pertama kami, warga dapat memperoleh 3 jam dari keseharian mereka kembali. Dengan Chapter 3, kami ingin memberi saluran bagi mereka bagaimana untuk mengisi 3 jam tersebut, salah satunya dengan project kami, MAKNA (@kain.makna)

WHAT CAN YOU DO? START A FUNDRAISE!

All of our projects wouldn't have been possible if it weren't for the many people who believe in us, either through their donation, or any other form of support. One of the many ways you can support us is through starting a fundraiser of your own!

Below is a couple of guidelines for you to start your own fundraiser and be a part of Solar Chapter! Just a bit of a reminder before we go on, as a volunteer for Solar Chapter, you'll be responsible for informing people who had no prior knowledge of Solar Chapter about who we are and what we do! On the field, you'll be a representative of Solar Chapter, so do your best always!

Here are the main steps of organizing your own fundraiser:

1. Get in reach with us!
2. Prepare your fundraiser!
3. Execute your fundraiser!
4. Report and celebrate!

"...you'll be a representative of Solar Chapter, so do your best always!"

GET IN REACH WITH US!

First of all get in reach with us! We've launched our a start a campaign page in our website, www.solarchapter.com. Bisit this webiste to fill out the form so that we could get in reach with you!

In any case that there's a problem with the page, the page hasn't been updated yet, or you simply haven't received a reply from anyone in Solar Chapter, contact Peter Siborutorop through WhatsApp (+1 708 400 2016) or contact Solar Chapter through e-mail (solarchapterofficial@gmail.com) and/or our instagram page (@solarchapter), or our facebook page (Solar Chapter).

Upon contacting us, be sure to tell us what you're interested in! Be sure to include:

1. Who you are, what are you currently doing and where you currently are
2. What you're interested in helping out, in this case, fundraising help!
3. Why you're interested in helping out Solar Chapter and our many programs
4. Your own contact information! Preferably your e-mail and WhatsApp contact information

PREPARE YOUR FUNDRAISER

DECIDE WHAT TO DO

Determine what you want to do for your event. You have all the options in the world for your fundraiser. If you're stuck on an idea, here's some recommendation/past events ideas from the Solar Chapter team:

Food and Beverages

Make your own food and beverage, or better yet partner with a local partner and sell your products!

Campus Move-Out

Gain profit from helping people move out their stuffs at the end of the semester! Gain even more profit by helping them sell their unused stuffs!

Charity Concert/Event

Co-work with an event holder to fundraise for Solar Chapter, with part of the profit going to Solar Chapter.

Fundraising Website

Make your own fundraising page to fundraise money for Solar Chapter. Our recommendation? kitabisa.com! (or gofundme.com)

SET THE DETAILS!

Set the details for your event! If it's a live event fundraiser, set the date, fundraising target, location, and all the logistics for your event! Note down every single detail and every progress you make for the report!

EXECUTE YOUR FUNDRAISER

You'll be representing Solar Chapter in your own personal fundraiser. So spread the word of our work, and encourage people to help out in your own personal fundraiser! You'll be the face of Solar Chapter in your own fundraiser, so be sure to know what we're all about.

Also, fingers crossed that the fundraiser goes well!

REPORT AND CELEBRATE!

FORM YOUR REPORT

Form your reports! Your reports should include:

1. Event Report!

Write down your process of holding the event and any problem you faced and how the event holds up

2. Financial Report!

This one is particularly important. Write down all the expenses for your event and how much profit you gained.

(Recommended format: Excel)

WRAP UP FINANCES

Wrap up finances! All of this includes:

1. Verify the Money

Verify the money that you have stored up is equal to the money on the financial report.

2. Send the Money

Send all the money you gained to the Solar Chapter bank account.

You can send this through:

1. Venmo! (@solarchapter)
2. BRI Account (Indonesia):
0671-01-023718-50-0 (a/n PETER KANISIUS)
3. www.solarchapter.com/donate

SEND YOUR REPORT

Send all of your reports! All of your reports should be sent to solarchapterofficial@gmail.com. This includes your event report and the financial report, with the email titled your fundraising event.

CELEBRATE!

Celebrate your success! You've helped us so much, we owe you guys so much, so you deserve that celebration! All of your support enables us to complete our projects, so thank you so much!
